ANTI-STATIC PRODUCTS

Types of base fabric
Epitropic | Spun | Monofilament | Multi Filament

BASE MOC

Polypropylene | Polyester (including Terylene) | Nylon/PA 6. Nylon/PA (6,6)

STATIC CHARGE CONDUCTORS

Carbon | Stainless Steel | Copper filament

CUSTOM ANTI-STATIC FILTER BAGS

Centrifuge bags | Fluidized Bed Dryers(FBD) bags
Fluidized Bed Equipment / Equalizer (FBE/Bonnet) bags
Fluidized Bed Processor (FBP) bags | Finger bags | Octopus bags
Anti Static Apron & Uniform | Jet Mill bags | Micronizer bags |
Neutsche filter bags | Filter media for equipment
(such as Hoppers, Mixers, Blenders, High-Shear-Granulators)
Filter media in Milling operators and various types of chutes-discharges

FABRICS

We design and manufacture specialized Industrial and Technical textile fabrics.

We cater to clients from the following industries :

Drugs & Pharmaceutical | Chemical, Dyes & Intermediates | Cement
Petrochemical | Dairy & Food | Ceramics, Mineral Ore | Metal | Foundries
Agro | Beverage & Brewery | Distilleries & Ink | Paper & Pulp | Resin & Paint
& any industry using Effluent-Treatment systems, etc.

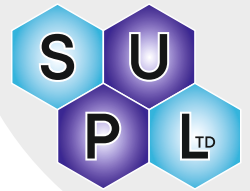

TYPES OF FABRIC

Non Woven : Felt Needle-punched or Membrane type with Srim | Scrimless
Spunbond | Spraybond | Chembond | Thermobond | Highloft/Fluffy

Weave based : Twill | Matty / Plain | Satin | Chain

Woven : Spun | Monofilament | Multi Filament | Mesh/Bolting/Screen
